

# LIGHTING LOOKBOOK 2025

Established in 2013 in the Colonial City of Santo Domingo, Dominican Republic, Casa Alfarera produces fine artisanal stoneware lamps known for their luxurious glazes and richly textured surfaces.

Each piece is handcrafted by skilled artisans, who meticulously shape and apply every component of the surface pattern by hand, resulting in lighting that is both sculptural and functional.

All lamps are equipped with UL-certified electrical components manufactured in the United States. International wiring options are available upon request.
